BOOKSOURCE[™]

The leading one-stop-shop distribution service for healthcare organizations to buy all books, e-books, magazines and other published resources through your GPO contract at discounted prices.

EDUCATION CONCIERGE[™]

An education expense management program where HPC's team of experts aggregate, consolidate, and track annual spend on associations, memberships, subscriptions, conferences, and more in order to create better visibility, reduce administrative burden, and deliver cost savings to your organization.

ENTERPRISE LIBRARIAN[™]

An innovative library management service that combines on-demand research support from a dedicated HPC medical librarian, oversight of library subscription resources, and a virtual library portal experience for healthcare organizations and corporations.

VALUE ANALYSIS RESEARCH[™]

This personalized research model gives you the freedom to evaluate products your organization needs before purchasing, helping you explore and evaluate different options to determine which is best for your organization. HPC's team of librarians and clinical researchers deliver unbiased, evidence-based, executive summary style research papers on any topic.
