## Reimagining training for partners and customers

The rapidly evolving world of work requires you to be dynamic and adaptable. How you align critical stakeholders to your organization is now an even more significant organizational demand. Built to be as flexible and unique as your business, **Cornerstone Extended Enterprise** helps you scale your organization and ensure your external audiences are informed and adopt your latest offerings.

### **Deliver modern learning at scale**

Whether you're delivering training to one channel or 100, Cornerstone Extended Enterprise supports organizations of all sizes. Quickly set up personalized sites and distribute tailored content to the right people wherever they are in minutes. If your content needs a tune-up, our natively built authoring tool lets anyone create and manage beautifully designed content that engages any learning style.

### **Boost your bottom line**

Monetize your self-service and distributed content to create an additional low-effort income stream. You can explore our partner eCommerce and payment gateway providers (such as CyberSource, Adyen, and PayPal) and utilize discounts, promotions, and subscriptions to quickly get your partners and customers the content they need.

## Unlock insights to grow your business

While no one knows your business better than you, understanding your actual performance is the only way you can grow. Stay ahead of the pack with robust analytics that help you visually measure the effectiveness of your learning programs and uncover trends so you can tailor your offerings to better serve your partners and customers.

“

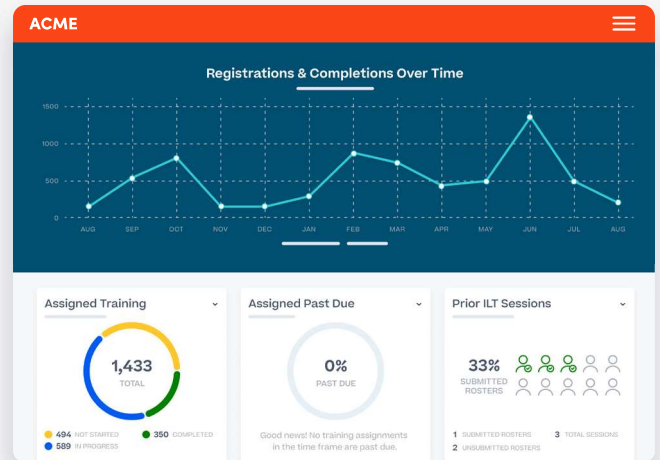

What we could see was that immediately after the training and continuously for the next three months, we increased the net promoter score by 15.5%.”

“

Our customers can choose what learning content they want. They control it. They're the admins of their own piece of Cornerstone. This has become a recurring revenue offering for us that we've been able to deliver through Cornerstone.”

Vicki Ferdig, Education Services Director, Jack Henry
