

GRS Disaster Response is prepared to support Educational Facilities

A Pre-Loss Agreement allows your facility to recover quickly from an unexpected disaster.

As a school administrator or facility manager, you understand that events could trigger school closures for days, if not weeks. How are you preparing?

As a disaster response and recovery firm, GRS offers a **GRS Cares Pre-Loss Agreement** to mitigate impacts from natural and man-made disasters.

Our pre-loss agreement allows for:

- › **Pro-active vs. reactive** response
- › Locations **mapped and monitored** for storm activity
- › **Fast mobilization** and **understanding** of the property
- › An **understanding of existing trades** and **vendor relationships**
- › Predetermine **power needs, logistics of equipment** placement, etc.
- › **Pre-staged** equipment and resources
- › **Priority access to resources in the event of a loss**
- › **Pre-agreed** upon rate schedules

For a sample pre-loss agreement, contact GRS:

GRS Disaster Response

GRS' mission is to partner with clients before the unexpected occurs

Backed by the #1 K-12 school builder in the US and #3 in Higher Education, we understand construction and insurance claims process and procedures.

What sets GRS apart from other restoration companies is that GRS has onsite staff with design-build, fast track, expertise in large structures and complicated damages. We know time, document control and helping clients maximize recovery from their losses is critical. When your buildings encounter these losses, trust the experts at GRS!
