

Thank you for requesting quotes from Recycle Away!

Our goal is to help you create a winning solution for waste management at E & I Cooperative Services. In order to facilitate your decision and allow you to review with others in your organization, I am including details of all your quotes including some additional options that might meet your needs. If you, or your team, need additional information please let us know.

Please use this slide-deck to help you plan your project, visualize the appearance and function of your recycling and waste containers.

If you have any questions or need additional information please don't hesitate to reach out!

Kaleidoscope Two-Stream Square Waste and Recycling Station

FEATURES

The **Kaleidoscope** has hundreds of possible combinations with which you can design a modular recycling system to meet your exact needs. When needs change, the individual receptacles can be moved or rearranged to accommodate the new requirements.

- Easy-to-remove steel top finished in a platinum powder coat finish
- More than 30% of the material is recycled
- Four heavy-duty feet keep the units slightly elevated to allow for air circulation and help restrict mold and mildew growth
- Each container includes a rigid plastic liner with built in handles for easy servicing

Unit Ideal For:

Administration
Auditorium
Dorm
Foyer
Lobby
Office Space
Student Activity Center

QUICK SPECS

Capacity: 2 x 24 = 48 Gal

Dimensions: 15.75" w x 31.5" l x 30" h

Weight: 2 x 35.5 = 71 lbs

Setting: Indoor

Material: Steel

Unit Available in Single Stream to Multi-Stream Waste and Recycling configurations. Please see next page for more examples.
