

## WHO WE ARE

A privately-held global firm providing contingent workforce solutions and consulting services to corporations since 1998. As a small business, minority woman-owned company, we are a dedicated group of individuals who believe in helping clients achieve positive growth. We focus on this belief every day, both for ourselves and for the clients we serve. Focusing on the mid-market to fortune 500 clients with a high proficiency in Pharmaceutical, Healthcare, Biotech, Financial services, Insurance and Government Marketplace, and 20+ years of consulting experience, we have a true commitment to customer satisfaction and long-term client relationships.

Our diverse, global teams bring deep industry and functional expertise, as well as, a range of perspectives to spark change using cutting-edge management consulting as well as data science, technology and design, digital ventures, and business purpose. Whether you're looking to advance an idea, a capability or the world at large, we work beside you every step of the way.

The company is Certified as MBE, SBE, WOSB and MWBE.

Chemicals

## OUR VISION

Our company prides itself on consistently introducing outstanding candidates to each and every business sector we serve, becoming a true partner in our customers' journey to business optimization. As an "Advisor" and an extension of your organization we bring a consultative approach to workforce projects dedicated to creating and implementing a roadmap to business optimization.

We work in a uniquely collaborative model across the firm and throughout all levels of the client organization to deliver results that help clients thrive. We excel in the business of human potential and believe in its power to shape strategic, organizational, economic, and societal change.
