

Commercial Moving Services

SIRVA and E&I's relationship brings volume buying power to each individual member, regardless of size or volume. (CNR01504)

SIRVA Commercial moving offerings include both inter and intra-office, and inter and intra-campus relocation, storage and logistic services. Commercial moving services encompass planning, preparation, disassembly, assembly, line-haul and other general activities related to the office relocation of E&I members. In addition, E&I members have an advantage of a low rate for time and materials in order to accomplish smaller less complex moving tasks.

CommercialConnect[™]
Powered by SIRVA

All Commercial pricing is presented per a three-zone model where the rates you pay depend upon your State. Commercial pricing is handled under two models: Time & materials or fixed price. Most members opt for a fixed, guaranteed price based on a defined SOW. SIRVA will dispatch a trained move manager to perform a site inspection, develop a SOW and provide full pricing back in an easy to understand, comprehensive manner. E&I has negotiated significant savings with SIRVA and its full suite of services while ensuring access to unmatched service capacity.
