License, Warranty, Support, Shipment, Damage, Claim, and Return Information

1.1 Software license and warranty

All use of the Waters Software shall be governed by the terms and conditions of the Waters Software License Agreement, attached hereto as Appendix A.

The term "Software" includes the object code version of the MassLynx software, Breeze software, Empower software, Waters NuGenesis Scientific Data Management System (SDMS) software, Waters SDMS Vision Publisher software, Waters Analytical Workflow Manager (AWM) software, Waters UNIFI software and/or such other software licensed to you by Waters.

1.2 Instrumentation and service warranty

1.2.1 Limited warranty: instrumentation

Waters warrants from the date of shipment for the applicable warranty period that its instrumentation identified and/or marketed as Waters products shall be free from defects in design, material, and workmanship and shall conform to and perform materially in accordance with the specifications set forth in the applicable operator or user manual when used in the proper operating environment under normal use and service. This warranty covers all new instrumentation products manufactured by Waters. Any warranty that may be applicable to third-party instrumentation products and accessories shall be provided by the respective manufacturers or suppliers of such third-party components.

Waters instruments are for use only by properly qualified personnel. Waters instruments labeled and identified as *in vitro* diagnostic ("IVD") devices may be used for IVD purposes. Such IVD uses must be in accordance with the instrument's intended use statement provided in the product literature. Any patient diagnosis or treatment determination made as a result of data generated using a Waters IVD instrument must be made by a qualified health care professional. Waters instruments that are not labeled and identified as IVDs are general laboratory instruments intended for research use only and are not for use in IVD procedures. Customer shall not use any such general laboratory instruments for IVD purposes.

This instrumentation limited warranty is subject to the conditions set forth below.

1.2.1.1 Exclusions

The foregoing limited warranty does not apply to any material deviation from the specifications by any instrumentation product that results from (a) use of the instrumentation for any purpose other than general purpose use unless specifically expressed otherwise in the product literature; (b) use of the instrumentation products for investigational use with or without confirmation of diagnosis by another, medically established diagnostic product or procedure; (c) errors or defects in any third-party component; (d) modification of the instrumentation products by anyone other than Waters; (e) failure by customer to install any standard enhancement or update in accordance with

an update procedure or release of firmware or any operating system release; (f) any willful or negligent action or omission of customer; (g) any misuse, or incorrect use, of the instrumentation product; (h) any malfunction of any non-Waters information system or instrument with which the instrumentation product may be connected; or (i) failure to establish or maintain the operating environment for the instrumentation product in accordance with the applicable operator or user manual.

1.2.1.2 Exclusive remedy

In the event of any failure of a Waters' instrumentation product to perform in accordance with the foregoing limited warranty, Waters' sole liability and customer's sole and exclusive remedy, shall at Waters' sole discretion be the repair or replacement of the instrumentation product or refund of amounts paid by customer for the instrumentation product that does not meet the limited warranty.

1.2.1.3 Warranty service

Warranty service is performed at no charge and at Waters' option and in Waters' sole discretion in one of four ways:

- With your authorization, a service representative will access your system remotely.
- A service representative is dispatched to the customer facility.
- The instrumentation product is returned for repair at a Waters facility.
- Replacement parts with appropriate installation instructions are sent to the customer.

Warranty service is performed only if the customer notifies Waters during the applicable warranty period.

Unless otherwise agreed in writing at the time of sale, if the instrumentation product for which warranty service is sought has been removed from the initial installation geographic site, no warranty service will be provided.

Warranty service is provided during normal business hours (8:00 A.M. to 5:00 P.M., Monday through Friday). Service is not available when Waters offices are closed in observance of legal holidays.

1.2.1.3.1 Warranty service exceptions for instrumentation

- any instrumentation product or parts not manufactured by Waters.

- any instrumentation product that malfunctions due to the use of unapproved maintenance, or repair parts, or operating supplies and computers not meeting minimum hardware requirements, or as a result of network-related problems.

Repair or replacement is not made

- because of decomposition due to chemical action.
- because of poor facilities, operating conditions, or inadequate utilities.

1.2.1.3.2 **Limited warranty: repair and maintenance service**

Waters warrants repairs and maintenance services for a period of ninety (90) days from the date of delivery of such services. Waters also warrants the parts used shall be free from defects in design, material and workmanship and shall conform to and perform materially in accordance with the specifications set forth in the applicable operator or user manual when used in the proper operating environment under normal use and service.

TO THE EXTENT PERMITTED BY APPLICABLE LAW, THE LIMITED WARRANTIES SET FORTH HEREIN ARE EXCLUSIVE AND IN LIEU OF ALL OTHER REPRESENTATIONS, WARRANTIES AND GUARANTEES, EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION ANY IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS OF THE PRODUCTS FOR A PARTICULAR PURPOSE, INCLUDING FITNESS FOR USE IN CLINICAL DIAGNOSTIC PROCEDURES OR FOR INVESTIGATIONAL USE WITH OR WITHOUT CONFIRMATION OF DIAGNOSIS BY ANOTHER MEDICALLY ESTABLISHED DIAGNOSTIC PRODUCT OR PROCEDURE, OR NONINFRINGEMENT, AND ANY WARRANTIES ARISING OUT OF COURSE OF DEALING OR COURSE OF PERFORMANCE. CUSTOMER EXPRESSLY ACKNOWLEDGES THAT BECAUSE OF THE COMPLEX NATURE OF THE PRODUCTS AND THEIR MANUFACTURE, WATERS CANNOT AND DOES NOT WARRANT THAT THE OPERATION OF THE PRODUCTS WILL BE WITHOUT INTERRUPTION OR ERROR-FREE OR WITHOUT DEFECT. CUSTOMER EXPRESSLY ACKNOWLEDGES THAT CUSTOMER IS SOLELY RESPONSIBLE FOR USE OF THE PRODUCTS IN CLINICAL DIAGNOSTIC PROCEDURES OR FOR INVESTIGATIONAL USE WITH OR WITHOUT CONFIRMATION OF DIAGNOSIS BY ANOTHER MEDICALLY ESTABLISHED DIAGNOSTIC PRODUCT OR PROCEDURE.

INABILITY TO USE THE PRODUCTS, EVEN IF WATERS HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. WATERS' TOTAL LIABILITY IN ANY EVENT SHALL NOT EXCEED THE PURCHASE PRICE OF THE GOODS AND SERVICES TO WHICH THE DAMAGES RELATE AND, THE PARTIES AGREE THAT SUCH LIMITED LIABILITY IS A REASONABLE ALLOCATION OF THE RISKS INVOLVING THE PRODUCT.

1.2.3 Transfer of warranty

The warranty is not transferable from the original owner or original installation site to another geographic location without the written consent of Waters. In the event that the instrument(s) must be relocated within the same company and country during the warranty period, Waters offers relocation services to ensure proper care is taken when de-installing, packing and re-installing in order to maintain the warranty coverage.

1.2.6 Warranty: non-Waters hardware

Waters does not assemble, configure, or install software on any computer or computer peripheral that has not been purchased from Waters.

The warranty for hardware not manufactured by Waters follows the warranty, if any, of the original equipment manufacturer.

1.3 Support and extended coverage

Waters' USA and Canadian customers seeking service and support may contact Waters Technical Service (800 252-4752). Others may phone their local Waters subsidiary or Waters corporate headquarters in Milford, Massachusetts (USA), or they may visit the Waters Web site (<http://www.waters.com>) and click Support.

Total Assurance Warranty is available during the first 90 days of system ownership and receives the same discount as that of the system purchased. It provides full support coverage for two years and guarantees a scheduled Performance Maintenance (PM) visit in year two.

Total Assurance Plan is available at the end of the Warranty and is renewable annually, it also provides annual scheduled PM visit.

Both TAW, and TAP provide technical telephone support, priority service, repair visits and replacement parts as needed to ensure your system is running at peak performance.

1.4 Installation and extended training

1.4.1 Instrument startup

As part of the purchased installation charge, Waters offers familiarization training for a single, designated primary operator.

Instrument startup consists of these procedures:

- Assembling computer hardware and connecting a printer purchased from Waters.
- Connecting computer hardware to the system instruments.
- Configuring and testing a system for proper instrument function and data collection.

Optional installation services are available to purchasers of workstation add-on kit software products. The services consist of software installation, system configuration, and primary operator familiarization training. During this day of system installation service, a certified Waters field

service technician will configure the customer's computer, load software, and interface the computer with the system.

1.4.2 Extended training

Waters Educational Services provides instrument and software training beyond that which is provided at startup. Courses are available at the customer site, our worldwide campus in Milford, Mass., U.S.A., in our Regional Training Centers in Europe and Asia, and at most Waters subsidiaries. Programs can be generic or customized to address specific challenges.

For details about the training and extended support programs, visit the Waters Web site (<http://www.waters.com>), and click Education, or Services & Support.

1.5 Shipments, damages, claims, and returns

All shipments are made free on board (FOB) shipping point. Waters suggests that you authorize insurance for all shipments. Instruments and major components are packed and shipped via ground transportation unless otherwise required. Supplies and/or replacement parts are packed and shipped via a ground courier, air parcel post, or parcel post, unless otherwise requested.

1.5.1 Damages

The U.S. Interstate Commerce Commission (ICC) has determined that carriers are as responsible for concealed damages that occur during transit as they are for obvious damages. Concealed damage is damage that occurs to the contents of a shipping package where the package exterior remains apparently undamaged. Therefore, unpack the instrument or component promptly after receiving it, aware that it may have sustained concealed damage while in transit.

1.5.2 Claims

If you discover the item shipped has sustained concealed damage, do not continue to unpack it. Instead, request the local agent or carrier to immediately inspect the unit, and secure a written (inspection) report of his or her findings to support the claim. You must make this request within 15 days of receiving the damaged unit, otherwise, the carrier will not honor the claim. Do not return damaged goods to Waters without first securing the inspection report and contacting Waters for a return merchandise authorization (RMA) number.

Ensure the shipment is protected and secure after you receive it. Components removed from the shipment, or damaged while awaiting installation, are the responsibility of the customer.

After a damage inspection report is secured, Waters cooperates fully in supplying replacements and handling a claim, which either party may initiate.

1.5.3 Returns

No returns may be made without prior notification and authorization. If for any reason it is necessary to return material to Waters, contact Waters Customer Service, the Waters subsidiary nearest you, or your local Waters representative for a return merchandise authorization (RMA) number and forwarding address.

WITHOUT LIMITATION, ANY CAUSE OF ACTION ARISING IN CONTRACT, TORT, OR STRICT LIABILITY, SHALL NOT EXCEED THE TOTAL AMOUNT OF ALL FEES, IF ANY, THEN PAID TO WATERS BY YOU DURING THE TWELVE (12) MONTH PERIOD IMMEDIATELY PRIOR TO THE EVENT, ACT OR OMISSION GIVING RISE TO SUCH LIABILITY. THIS LIMITATION OF LIABILITY IS INTENDED TO APPLY WITHOUT REGARD TO WHETHER OTHER PROVISIONS OF THIS AGREEMENT HAVE BEEN BREACHED OR HAVE PROVED INEFFECTIVE.

- e. **Essential Basis.** The parties acknowledge and agree that the disclaimers, exclusions and limitations of liability set forth in this Section 7 form an essential basis of this Agreement, and that, absent any such disclaimers, exclusions or limitation of liability, the terms of this Agreement, including, without limitation, the economic terms, would be substantially different.

8. **Term and Termination.**

- a. **Term.** This Agreement shall remain in effect for as long as you are not in violation of any material provision contained in this Agreement (the "Term"). A substantial deviation of Waters' hardware from the specifications in the corresponding documentation will not be considered a breach that allows you to terminate this Agreement.
- b. **Rights to Terminate.**
 - i. Each party has the right to terminate this Agreement, by giving written notice of termination to the other party, if: (a) the other party breaches this Agreement and (b) either the breach cannot be cured or, if the breach can be cured, it is not cured by the

In such event, Waters' shall have the following rights: (x) the right of termination as set forth above; (y) the right to obtain an injunction to enjoin your continued or repeated breaches; and (z) the right to all costs incurred by Waters as a result of the breach, including reasonable attorney's fees and costs.

www.bis.doc.gov/complianceandenforcement/Liststocheck.htm. Countries embargoed by the U.S. include Cuba, Iran, North Korea, Sudan and Syria. You are responsible for any violation of the U.S. export control laws related to the Software. By accepting this Agreement, you confirm that you are not a resident or citizen of any country currently embargoed by the U.S. and that you are not otherwise prohibited from receiving the Software.

- b. If you are a branch of the United States government, you shall have "restricted rights" to use, duplicate, or disclose the Software as set forth in subdivision (c)(1)(ii) of Rights in Technical Data and Computer Software Federal Acquisition Regulations in Technical Data and Computer Software Federal Acquisition Regulations Supplement (DFARS) 252.227-7013 or subparagraphs (c)(1) and (2) of the Commercial Computer Software-Restricted Rights at 48 CFR 52.227_19.

10. Audit Rights.

You shall maintain accurate records as to your use of the Software as authorized by this Agreement. During the Term hereof, Waters, or persons designated by Waters, will, at any time, be entitled to inspect such records and your computers, in order to verify that the Software is being used by you in accordance with the terms of this Agreement, provided that Waters may conduct no more than one (1) audit in any twelve (12) month period. Any such audit will be performed at Waters' expense during normal business hours, provided that you shall promptly reimburse Waters for the cost of such audit if such audit reveals that your use of the Software is not as authorized by this Agreement.

11. Transfer.

This Agreement shall be assignable by Waters. It shall not be assignable by you without the prior written consent of Waters.

12. Dispute Resolution.

- a. All disputes arising in connection with this Agreement shall be finally settled under the Rules of Conciliation and Arbitration of the International Chamber of Commerce (the "Rules") by one or more arbitrators appointed in accordance with the Rules.
- b. Notwithstanding the provisions of Section 12.a above, either party hereto shall be entitled to seek equitable relief against the other party in any competent court having jurisdiction over the parties without first submitting the matter to arbitration with respect to alleged breaches or threatened breaches of any material term or provision of this Agreement. The parties hereby irrevocably submit to the jurisdiction of any of said courts in any such claims and waive any claim or defense of inconvenient forum or lack of personal jurisdiction under any applicable law, decision, treaty or otherwise. In making the foregoing submission to jurisdiction, each party expressly waives the benefit of any contrary provision of the laws of the jurisdiction of its incorporation or where it is doing business. Both parties represent and warrant that they are not immune from judicial proceeding and will not claim immunity for themselves or their property in any claims that may arise hereunder. The parties further agree that service of process or notice in any such action, suit or proceeding shall be effective if delivered in the same manner as the Quotation and PO. You acknowledge that the breach of the terms or conditions of this Agreement by you, including any unauthorized use,

reproduction or transfer of the Software, may substantially diminish the value of the Software and irrevocably harm Waters.

15. Severability.

If any provision of this Agreement is invalid or unenforceable, that provision will be construed, limited, modified or, if necessary, severed, to the extent necessary, to eliminate its invalidity or unenforceability, and the other provisions of this Agreement will remain unaffected.
