Founded in Michigan in the year 2004, Abacus has evolved into a national staffing provider. Serving educational entities across the US from the last two decades, our experience spans various educational systems and sizes, from local schools to prominent universities. Our nationwide presence equips us with a unique understanding of regional educational needs, allowing us to tailor our services to each E&I member's specific requirements.

Whether you're a public institution or a private entity, Abacus' expertise transcends boundaries. Our solutions cater to the unique requirements of educational organizations, from K-12 schools to esteemed higher education institutions.

Our Services: Tailored to Meet E&I Members' Requirements

- **IT:** Catering to a national landscape, we provide IT professionals who excel in diverse educational environments, from small schools to large universities.
- **Administrative/Clerical:** We understand the crucial role of administration in education. Our staffing solutions ensure effective and efficient institutional operations nationwide.
- **Procurement:** Leveraging our expertise in cooperative purchasing, we staff roles that optimize purchasing processes, ensuring cost-effectiveness and compliance with educational procurement standards.
- **Call Center:** Our call center staff are trained to handle the diverse communication needs of educational institutions across the country, ensuring clarity and efficiency in every interaction.

Service differentiators

- **Specialized Education Division:** Our dedicated team is focused on understanding and meeting the nationwide educational staffing needs.
- **Diversity and Sustainability:** We champion workforce diversity and sustainable practices in all our operations, aligning with the values of the modern educational landscape.
- **Comprehensive Screening and Quality Assurance:** Our stringent screening processes ensure the highest quality staffing, meeting the diverse needs of educational institutions across the US.
- **Cost-Effective Solutions Through Cooperative Purchasing:** We specialize in maximizing the benefits of cooperative purchasing agreements, providing cost-effective and efficient staffing solutions.

We invite E&I members to connect with us and explore how our staffing solutions and expertise in cooperative purchasing can enhance their operations and contribute to their success.
