

6Connex is the Leading Provider of In-Person, Hybrid, and Virtual Events for Enterprises Worldwide

6Connex is transforming the events industry with a sophisticated, all-in-one event platform that makes it easy to manage and host successful events at scale and in any format – virtual, hybrid, or in-person. From in-person event apps, pre-event registration and promotion to event reporting and analytics, our technology enables marketers and event planners everywhere to easily create a custom blend of in-person and virtual events that deliver a unique experience to event attendees across the globe.

Events are in Our DNA

The 6Connex all-in-one event platform features a broad menu of functionalities designed to support in-person, hybrid or virtual events, allowing you to deliver events that not only enhance the physical experience, but extend beyond it.

From promotion to analytics, simplify event management – regardless of event format – by using a single tool to promote, register, run, and measure events. Drive attendee engagement, capture event attendee data, and uncover insights to target post-event activities and inform long-term event strategy. Our product portfolio includes virtual environments, learning management, and webinars. Designed for marketing, sales, recruitment, training and HR communications, we transform big ideas into real-world results.

6Connex has 15+ years of event experience. We were originally incorporated in 2011 and have been under current management since late 2019.

6Connex is headquartered in San Antonio, Texas, United States and has employees remote and offices in multiple locations worldwide -- Brazil, UK, China, Singapore, Columbia, and India to support our customers globally.

A Community Event Experts to Bring your Experience to Life

6Connex prides itself on its versatility and our ability to provide the client with the exact virtual experience that they want to host. Our flexibility in design and structure provide clients with the options to make their event their own.

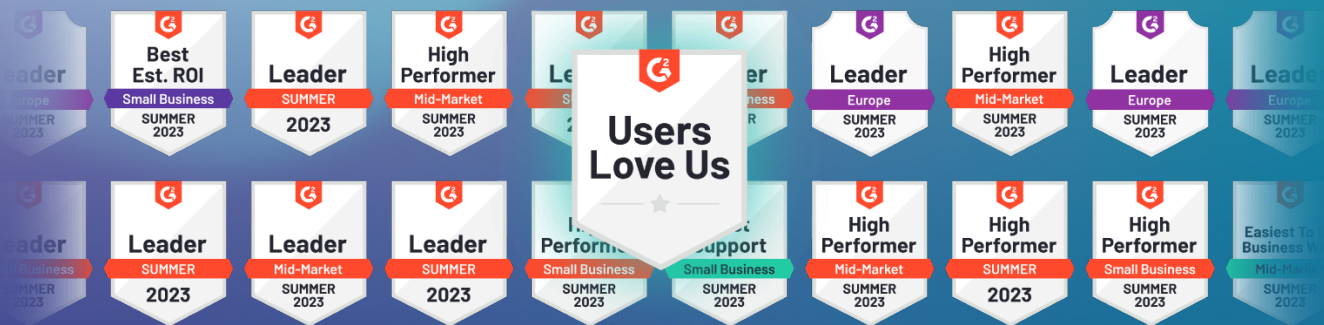

Unlike some other providers, our focus is completely on the virtual experience and making it as robust and enjoyable for users as possible. All of our work in development is focused on maximizing the virtual event product. Our platform supports more than 100 Live Event Days a year, hosting 100,000s of attendees. Our team has an average of 7-10 years' experience in the space and every one of them is dedicated to making every event perfect.

Your Peace of Mind Comes First, Just Like Our Approach On Security

ISO 27001 Certified, 6Connex implements best practices in infrastructure and security management to ensure that your data is protected at all costs. Risk-free and trustworthy – you have our word. All 6C employees are fully vetted and on-boarded via 6Connex security and operational policies and procedures.

The 6Connex platform is completely HTML5 based, making our events are the most accessible on the market and giving users the flexibility to attend events from any browser and any device. Our cloud-based hosting system also means that we can scale to any audience size big or small.

6Connex is a Dura Software Company

Dura Software specializes in hyper-niche software products that fit narrow but mission-critical use cases for business customers. We partner with each of the companies in our portfolio to achieve their financial and operational goals, and our diverse team has the critical knowledge, credibility, and professional networks necessary to build industry-leading organizations with strategic value.
