Limited time only. Some restrictions apply.*

You made a smart decision when you chose Transformations Furniture. And now that investment can really pay off. Here's how.

Traditional furniture looks great on day one, but after some time has passed, when those chairs and sofas get damaged, dirty, or look out-of-date, you have to throw them out and buy new ones.

But since your facility chose Transformations Furniture, you can keep your pieces looking great for years to come.

So if the inevitable has happened, and if any of your chair or sofa covers now have stains, scuffs, or tears (or you just want a new look...), you don't have to throw out entire pieces. You can simply recover them!

That's when your smart investment really kicks in—helping you save time, money, and the environment.

And we want to help you save even more with our 2024 fall Keep-It promotion!

- ✔ Your seating area gets a fresh look.
- ✔ You save time and money.
- ✔ We do the recovering for you.

The schedule is limited and is sure to fill up quickly.

Contact your Transformations Advisor who will guide you through the process.

*Restrictions: Install schedule/availability is limited and is filled on a first come first served basis. We are experiencing extended fabric lead times, so we recommend that orders are placed early to allow adequate time. Offer only applies to orders of 100 or more units (cover sets). All orders must be installed between 10/15/24 and 1/31/25 and be invoiced between 10/15/24 and 12/31/24. Please note: To assist with getting our company crew and project leads to your job site, as well as the replacement fabric covers, the freight line will include both crew and cover transportation.
