

# Redefining education through enhanced learning experiences

## Why SHI for education?

SHI's dedicated education team is helping schools and colleges discover the power of modern learning environments. As a vendor-neutral reseller, we have access to cutting-edge technologies that can redefine the way students learn, allowing further engagement and collaboration through innovative learning experiences.

But it doesn't stop there. We not only help you select the right technology but also have the services to deploy and manage your investment in your students. Our grants and E-Rate teams are here every step of your transformation journey, helping procure the technology that fits your vision. From discovery, selection, deployment, procurement, and even management, SHI has the solutions and services for your full IT lifecycle.

### SHI Education fast facts:

- 10,000 hardware and software partners
- 500+ contract vehicles
- 175+ education sales reps and strategists
- Dedicated E-Rate and grants teams
- Technical and professional development services for faculty

### Transform

Improve student and faculty performance through consistent and reliable hybrid infrastructure that serves as the backbone of your school's environment. A robust, modern network contributes to a positive and engaging student experience.

### Collaborate

Equip your school with technology that helps students reach learning goals while also increasing staff proficiency and performance—all through modern, connected, personalized end-user devices. With SHI in your corner, you can support innovative teaching methods while providing the optimal user experience.

### Protect

Providing a safe space for students to thrive is at the forefront for IT directors. Tailor your school's cybersecurity programs and solutions to keep ahead of an evolving threat landscape.

### Optimize

Your technology goals don't need to seem like a pipe dream. SHI's dedicated funding team is here to support your vision, helping you access reduced prices and easing your procurement woes with our large selection of contract vehicles.

## Solve what's next with SHI

Think of SHI Public Sector as your personal technology counselor. We connect your team with the IT solutions and services you need to inspire lifelong learners, collaborate effortlessly, and secure your network.

We know schools have tight budget constraints. That's why we offer comprehensive support to help you identify and secure federal funding – including grants and E-Rate to extend your resources and improve educational outcomes sooner.

Whether you're designing collaborative modern learning environments, investing in professional development for educators, crafting innovative STEAM initiatives, or building an esports program, our team of 175+ education experts is ready to solve what's next for you and your students.
