Cybersecurity Solutions

Data Security

adlumin — Your IT Security Operations Command Center	**ALTR** — Complete Data Control & Protection	**anjuna** — Confidential Computing for Data Security
blancco — Secure Data Removal & Erasure	**COHESITY** — AI-Powered Data Security	**DATAGUISE** — Data-Centric Security for Big Data
DATALOCKER — Physical Data Encryption Solution	**ENTRUST** — User, Data, Identity & Access Management Platform	**FORNETIX** — Protect Sensitive Data with Key Orchestration
COLD COMET — Your Information is Yours, We Keep It Safe	**HUMAN** — Modern Defense Against Digital Attacks	**Information Security Corporation** — PKI Based Data Security Solutions
Kiteworks — Protect the Sharing of Confidential Information	**Material** — Secure Sensitive Data at Rest in Microsoft & Google Accounts	**NETWITNESS**
netwrix — Protect Credentials & Data	**noname** — The Comprehensive API Security Platform	**Nucleus** — Unified Vulnerability Management
opentext — Security for Structured & Unstructured Data	**RACKTOP** — The Market Leader of CyberConverged Data Security	**rubrik** — Our Mission is to Secure the World's Data
splunk> — Advanced Analytics, Automated Operations & End-To-End Integrations	**THALES** — Data Security Compliance Software	**Venafi** — Identify & Correct Vulnerabilities in Keys & Certificates
VERITAS — Powered by Cloud Scale Technology	**zeva** — Public Key Infrastructure Solutions	
Endpoint Security

BlackBerry CYLANCE — A.I. Powered Antivirus. Proven Malware Prevention	**BYOS** — Make your Network Invisible	**CROWDSTRIKE** — CrowdStrike's Advanced Endpoint Protection
DIGITAL GUARDIAN — Global Leader in Information Security	**DTEX** — Workforce Cyber Intelligence & Security	**Eclypsium** — Defending the Foundation of Enterprise
GoSecure — Manage Risk, Close Gaps, Improve Security Posture	**OPSWAT** — Securing the Workforce	**SentinelOne** — SentinelOne Endpoint Protection Platform
Symantec (A Division of Broadcom) — Global Leader in Information Security	**TANIUM** — Public Sector — The Power of Certainty	**Trellix** — A Living, Learning XDR Ecosystem
TYCHON — Take Control of your Endpoints	**vmware** — Next-Gen Anti-Virus	

Identity & Access Management

1KOSMOS — Discover Strong Authentication with Strong Identity	**Aquera** — Identity Lifecycle Management	**axiad** — Government Grade Security of People & Machines
BeyondTrust — Privileged Access Management	**CertiPath** — Identity without Compromise	**CYBERARK** — Privileged Access Security
PingIdentity. / ForgeRock — Identify & Access Management Platform	**HID** — Enhance Security, Simplify Access & Manage Identities Efficiently	**IDENTITY AUTOMATION** — Identity Access Management
ID.me — The Secure Digital Identity Network	**KEEPER** — Password Manager & Digital Vault	**KEYFACTOR** — Find, Manage, & Automate Every Machine Identity
LexisNexis — Identity Risk & Fraud Prevention Solutions	**okta** — Identity & Access Management Platform	**PingIdentity.** — Identity Security
RADIANT LOGIC — Federated Identity & Directory Service Based on Virtualization	**RESILIANT** — Identity & Access Management Solution	**SailPoint** — Secure Your Enterprise, Empower Your Workforce
SAVIYNT — Application Access & Identity Lifecycle Management	**SecuPi** — Protect your Sensitive Data with ABAC	**Socure** — Accurate Identity Verification & Fraud Proventiono
TRUSONA — Passwordless Authentication Solutions	**uberether** — Integrated Identity Platform	**yubico** — Security & Phishing-Resistant MFA

IoT & Industrial Security

KEYFACTOR — Keyfactor Command Automates IoT Identities	**MEDIGATE** — Revolutionizing the Internet of Medical Things	**OPSWAT** — OT & ICS Security Solutions for Government
OSIsoft — Protection for Critical Infrastructure & IoT	**splunk>** — Real-Time & Predictive Insights from Sensors, Devices & Industrial Control Systems	**TEMPERED NETWORKS** — Protection for Critical Infrastructure & Communications
waterfall — The Global Leader in Industrial Cybersecurity		
Cybersecurity Solutions

Network & Infrastructure

Vendor	Description
Akamai	Content Delivery Platform
ARMIS	Agentless Device Security
Attivo Networks	Early & Accurate Threat Detection
f5	Secure Application Delivery
Fidelis Security	Automated Security Operations Management Platform
FORESCOUT	Agentless IT, IoT, & OT Device Visibility & Control
FORTINET	Top Rated Network & Content Cyber Security Provider
FORWARD NETWORKS	Network Verification Software
Gigamon	Intelligent Traffic Visibility Solutions
HYAS	Detect & Stop Cyber Attacks Instantly with Data
iboss	Secure Internet Connection in the Cloud
infoblox	Network Security & Automation for DNS, DHCP, & IPAM
Intrusion	See the Unseen, Know the Unknown
neustar	Advanced DDoS Protection
Nlyte Software	DCIM & Hybrid Cloud Infrastructure
paloalto NETWORKS	Next-Generation Security Platform
Secureworks	Intelligence-Driven Managed Security Services
SKYBOX SECURITY	Management Platform for Complex Networks
SOLARWINDS Public Sector	IT Management Software & Monitoring Solutions
splunk>	Real-time Infrastructure Monitoring & Troubleshooting
TREND MICRO	Connected Threat Defense for Cloud, Network & Users
Trinity Cyber	Better Cybersecurity Overnight
tufin	A Leader in Network Security Policy Automation
VERACODE	Application Security Services System

Risk & Compliance

Vendor	Description
ANOMALI	Threat Intelligence & Analysis Platform
AvePoint Public Sector	Ultimate Data Security in the Cloud or On-Premises
cloudcover.	Cyber Safety & Security Platform
druva	Enterprise Security & Privacy
FLASHPOINT	The Globally Trusted Leader in Risk Intelligence
ivanti	Enhanced Risk-Based Vulnerability Management
Kion	360-Degree Continuous Compliance
Qualys.	Continuously Monitor & Detect Vulnerabilities
RACKTOP	The Market Leader of CyberConverged Data Security
RAPID7	Empowering SecOps
Recorded Future	Identify New & Emerging Cyber Security Threats
RegScale	Visualize Regulatory Compliance & Operational Risk in Real-Time
runZero	Manage & Secure Every Asset
splunk>	Reduce Time, Errors & Costs with an Analytics-Driven Approach
SYNOPSYS	SDLC Risk Mitigation Software
TANIUM Public Sector	The Power of Certainty
tenable	Identify, Investigate & Prioritize Vulnerabilities
THREATLOCKER	Block Unknown Application Vulnerabilities
THREATQUOTIENT	Threat-Centric Security Operations
Trustwave Government Solutions	Database Security & Managed Services
TYCHON	Deep Analysis at the Speed of Search
VERITAS	Safeguard Data Wherever It Lives

Security Ops & Incident Response

Vendor	Description
Arete	Cyber Risk Management Services
BLUEHALO	Leading the Transformation
corelight	A Evidence-Based NDR & Threat Hunting Platform
exabeam	Security Management Platform
IronNet	Safeguarding the Public Sector with Advanced Capabilities
NETWITNESS	Business-Driven Security
SECURONIX Security Analytics. Delivered.	Behavior-Based Insider Threat Analytics
servicenow.	Respond Rapidly to Evolving Threats
splunk>	Platform for Machine Data
TANIUM Public Sector	The Power of Certainty
ThreatConnect	Intelligence Driven Security Operations Automation & Response
TYCHON	Search, Visualize, Remediate, Monitor

Cybersecurity Solutions

|										
Mobile Security	**Bastille** — Security for the Internet of Radios	**BlackBerry** — Secure Mobility Platform	**Cellebrite** — Digital Intelligence for a Safer World	**exterro** — Complete End-to-End E-Discovery Software	**Lookout** — Predictive Security Infrastructure Protection	**SAMSUNG** — Stay Connected, Protected & Productive	**ZIMPERIUM** — Mobile Security Solutions			
Cyber Skills Training	**CLOUD RANGE** — Be Ready for Any Attack, Anytime with Us	**COFENSE** — Intelligent Email Security Solution for Government	**cyberbit** — Build Cyber Talent in a Realistic Environment	**CYBRARY** — Build Cyber Skills & Beat Cyber Threats	**HACKTHEBOX** — Practice Real Challenges on a Virtual Platform	**Inspired eLearning** — Security Awareness & Compliance Training for Government	**MOSSÉ CYBER SECURITY INSTITUTE** — Cyber Security Training & Certifications	**RANGEFORCE** — Interactive Cybersecurity Training for Your Team	**SANS** — Leading Cyber Security Training & Certifications	**SIMSPACE** — Enable Continuous Security Improvement with Us
	ThriveDX — Digital Skills Training & EdTech Solutions	**WILLCOTECH** — Cybersecurity Management for DoDD 8140/8570/NICE								
DevSecOps	**anchore** — Best-In-Class Solutions to Secure Every step of the Software Supply Chain	**aqua** — The Complete Cloud Native Security Platform	**Contrast SECURITY** — Application Security Platform for DevSecOps	**HashiCorp** — Infrastructure enables innovation	**LaunchDarkly** — Transform DevSecOps Workflows with Feature Management	**sonatype** — Prevent Risk From Your Software Supply Chain	**splunk>** — Monitor, Explore & Troubleshoot Entire Stacks in One Platform			
Web & Messaging Security	**AGARI** — Inbound & Outbound Emails Authentication	**Blinkly** — Quantum-Resistant, End-to-End Encryption	**COFENSE** — Phishing Protection Across Organization	**CONCEAL** — Protecting your enterprise's web activity	**globalscape** — Unleashing the Power of Data	**COLD COMET** — Your Data, Our Safeguard	**imperva** — Protection for Enterprise Data & Application Software	**invicti** AppSec with Zero Noise — Invicti enables automated AppSec testing	**Material** — Visibility & Zero Trust for Microsoft & Google Accounts	**netskope** — Securing the Cloud, Web & Private Apps
	neustar — Advanced DDoS Protection	**proofpoint** — Protect & Govern Sensitive Business Data	**splunk>** — Orchestrate Workflows, & Reduce Incident Response Time	**SYNOPSYS** — Application Verification Tool	**zscaler** — Cloud Based Internet Security					
Quantum Encryption Security	**ARQIT** — Clear, Stronger, Simpler Encryption	**ENTRUST** SECURING A WORLD IN MOTION — nShield Post-Quantum Cryptography SDK	**COLD COMET** — Quantum-Secure, Encrypted Data Storage, Data Sharing & Messaging	**HARPOON SECURITY** — The One Quantum Proof - One of a Kind Encryption	**Qrypt** — Quantum-Secure Encryption	**QUANTINUUM** — Accelerating Quantum Computing	**quantropi** — End-to-End Quantum Security	**Quantum Bridge** — Future-Proof Symmetric Key Distribution	**Quintessence Labs** — Quantum Cybersecurity	**SANDBOXAQ** — AI & Quantum Computing
	THALES — Quantum Enhanced Keys	**TYCHON** — Actionable & Comprehensive Cryptographic Inventory	**VECTORZERO** — The Future of Cybersecurity							
Artificial Intelligence	**elastic** — Accelerate Time to Insight with Elasticsearch & AI	**FORTINET** — Artificial Intelligence for IT Operations	**NVIDIA** — Stronger, Faster Cybersecurity with Morpheus	**SentinelOne** — The Foundation for Autonomous Enterprise Security						

Zero Trust

Category									
Identity	**1KOSMOS** — Strong Authentication with Strong Identity	**appgate** — Identity-Based Security for Hybrid Environments	**BeyondTrust** — Beyond Trust is Essential for Enabling Zero Trust	**BlackBerry** — BlackBerry's Unique Approach to ZTNA	**Delinea** — Identity-Centric Privileged Access Management	**ENTRUST** SECURING A WORLD IN MOTION — User, Data, Identity & Access Management Platform	**PingIdentity / ForgeRock** — Elevate Security & User Experience	**KEYFACTOR** — PKI for Zero-Trust Architecture	**okta** — Identity & Access Management Platform
	PingIdentity — Zero Trust Relies on Identity as its Core	**RADIANT LOGIC** — The Unified Identity Foundation of Zero Trust	**RESILIANT** — Identity & Access Management Solution	**SailPoint** — The Unified Identity Foundation of Zero Trust	**SAVIYNT** — Identity Access Solutions for the Cloud Era	**SecurID** An RSA Business — The Trusted Identity Platform	**strongdm** — Access Management for Today's Dynamic Infrastructure	**uberether** — Identity & Access Management Simplified	**vmware** — Customize User Access to Secure Data with Advanced Authentication
Device	**appgate** — Extending Zero Trust to IoT Security	**CHECK POINT** — Absolute Zero Trust Security	**CROWDSTRIKE** — Providing Visibility to USB Device Control	**DELL Technologies** — The Pathway to a Zero Trust Security Model	**ENTRUST** SECURING A WORLD IN MOTION — User, Data, Identity, and Access Management Platform	**FORESCOUT** — Agentless IT, IoT, & OT Device Visibility & Control	**illumio** — Securing Tomorrow, Today	**KEYFACTOR** — PKI Enables Zero Trust Architecture	**OPSWAT** — Secure Access & Device Compliance
	Qualys — Continuously Monitor & Detect Vulnerabilities	**RAPID7** — Empowering SecOps	**SOPHOS** — Cybersecurity as a Service	**TANIUM** Public Sector — Converged Endpoint Management Platform	**tenable** — Identify, Investigate & Prioritize Vulnerabilities	**Trellix** — The Device-to-Cloud Cybersecurity Company	**vmware** — Secure Your Agency's Devices to Enable Work-From-Anywhere Capabilities		
Network/ Environment	**Akamai** — Content Delivery Platform	**appgate** — Zero Trust Network Access	**ARISTA** — Software-Defined Cloud Networking	**DELL Technologies** — The Pathway to a Zero Trust Security Model	**ENTRUST** SECURING A WORLD IN MOTION — User, Data, Identity, and Access Management Platform	**exabeam** — Security Management Platform	**FORTINET** — Zero-Trust Network Access - Know Who is on Your Network	**FORWARD NETWORKS** — For Zero Trust Assurance	**Gigamon** — Intelligent Traffic Visibility Solutions
	COLD COMET — The Solution that Triggers Zero Trust	**greymatter.io** — An Environment of Uncommon Freedom	**illumio** — Stop Breaches From Spreading	**Infoblox** — Cloud First Security & Networking	**MANDIANT** — A New Way of Building Your Network	**opentext** — Our Mission is Helping Agencies Become Resilient	**paloalto NETWORKS** — Next-Generation Security Platform	**RAPID7** — Network Security, Zero Trust Solutions	**tetrate** — The Service Mesh Company
	vmware — Realign Your Network for Secure Modern Application Access	**WIZ for Gov** — Secure Everything You Build & Run in the Cloud	**zentera** — Zero Trust Security with Zero Compromises	**zscaler** — Cloud Based Internet Security					

Carahsoft Solutions Portfolio

Zero Trust

Category									
Application Workload	**Akamai** — Accelerate Apps & APIs — on Any Device, Anywhere	**appgate** — Zero Trust Application Workload	**aqua** — Protection for Containers & Serverless Functions	**Forcepoint** — Continuous Zero Trust Security	**Google Cloud** — A New Approach to Enterprise Security	**iboss** — Cloud Delivered SaaS Network Security	**Lookout** — Predictive Security Infrastructure Protection	**Microsoft** — Enable a Remote Workforce by Embracing Zero Trust Security	**NowSecure** — Standards-Based Mobile App Vetting for Zero Trust
	proofpoint — Protect & Govern Sensitive Business Data	**Red Hat** — Boost Hybrid Cloud Security	**Trellix** — The Device-to-Cloud Cybersecurity Company	**vmware** — Deploy Automated Processes for Your App Development	**zscaler** — Cloud Based Internet Security				
Data	**Adobe** — Data-Centric Government Security	**anjuna** — Zero Trust Data Solution	**appgate** — Seamless, Secure Access to Data	**AvePoint Public Sector** — Global Leader in Information Security	**Commvault** — The Vendor to TRUST for Zero Trust	**DELL Technologies** — The Pathway to a Zero Trust Security Model	**DIGITAL GUARDIAN** — Global Leader in Information Security	**ENTRUST** — User, Data, Identity, and Access Management Platform	**COLD COMET** — Ultra Secure Cloud Sparks Zero Trust
	Informatica — Enabling the Nation's Security by Safeguarding Data	**mimecast** — Secure Data Archiving and eDiscovery Platform	**noname** — The Comprehensive API Security Platform	**rubrik** — Recover and Remediate with Resilience	**THALES** — Building a future we can all trust — Data Security Compliance Software	**Trellix** — The Device-to-Cloud Cybersecurity Company	**Trustwave** Government Solutions — Database Security & Managed Services	**VERITAS** — Fortifying the Zero Trust Architecture for Public	**vmware** — Protect & Organize Your Agency's Mission-Critical Data
Visibility & Analytics	**DELL Technologies** — The Pathway to a Zero Trust Security Model	**elastic** — Unify App & Infrastructure Visibility	**infoblox** — Visibility into DNS Traffic to Prevent Data Exfiltration, Malware & Ransomware	**NETWITNESS** — See Everything, Fear Nothing	**RAPID7** — Maximize Endpoint Visibility & Analytics	**securonix** — Providing Cloud First Cyber Defense	**splunk>** — Platform for Machine Data	**TANIUM** Public Sector — See Every Endpoint with Complete, Accurate & Real-Time Visibility	**TYCHON** — Complete Visibility, Constant Vigilance
	vmware — View Powerful Insights for Network Traffic & Application Usage								
Automation & Orchestration	**DELL Technologies** — The Pathway to a Zero Trust Security Model	**FORESCOUT** — Manage Cyber Risk & Mitigate Threats, Continuous	**infoblox** — Automated Threat Response with Infoblox Open APIs & Integrations	**KEYFACTOR** — Automate Certificate Management for Complete Control	**MixMode** — Third Wave AI Threat Detection Solution	**paloalto NETWORKS** — Simplify, Automate, Secure with Zero Trust	**RAPID7** — Security Automation Made Easy	**SOLARWINDS** Public Sector — IT Management Software & Monitoring Solutions	**splunk>** — Organizations Are Only as Resilient as Their Systems
	vmware — Deploy Automated Processes for Your App Development								
Governance	**ARCHER** — Leader in Integrated Risk Management	**AvePoint Public Sector** — Optimize Policy Compliance	**DELL Technologies** — The Pathway to a Zero Trust Security Model	**elastic** — Enable Decision Superiority for Operational Advantage	**HashiCorp** — Trust nothing. Authenticate & Authorize Everything	**TANIUM** Public Sector — Take Control of Your IT Estate with Minimal Impact	**TYCHON** — Take Action with a Single Click	**vmware** — Audit Your Agency's Identity Management & Security Posture	

AI & HPC

AI Infrastructure

aws Accelerating Cloud Modernization	**BABELSTREET** Unlock the Most Insights that Matter	**chooch** Precise Object & Facial Recognition in Context	**CLOUDERA** Exposing Threats with Predictive Analytics & Machine Learning	**CVEDIA** Computer Vision Without More Data Collection	**DARKTRACE** Continuous Visibility into an Entire Digital Ecosystem	**databricks** Unify Your Data, Analytics and AI on One Platform	**DataRobot** Delivering on the Promise of AI in Government	**DOMINO** Unleash Data Science at Scale
eightfold.ai Build & Develop Your Workforce	**elastic** Power Insights & Outcomes with the Elasticsearch Platform & AI	**ElectrifAi** Outcomes in 6-8 Weeks With Pre-built ML Solutions	**FORTINET** Broad Visibility & Protection of the Entire Digital Attack Surface	**Google Cloud** Innovative Machine Learning Products & Services on a Trusted Platform	**H2O.ai** The Open Source Leader in AI & ML	**HEAVY.AI** Open Platform Accelerated Analytics	**Hewlett Packard Enterprise** Accelerating Business Outcomes-Comprehensive Solutions Edge to Cloud	**kinetica** Memeory-First Database Management Using GPUS
Labelbox Get to Production AI Faster	**LIQID** Innovative Compostable Infrastructure Platform	**Microsoft** AI Deployment & Management Tools	**Microway** Delivers Performance Optimized Hardware for HPC	**modzy** Software Platform for Developers to Manage AI at Scale	**net thunder** Self-Hosted AI/ML Is Now Practical at Any Scale	**NNDATA** Digital Process Automation Platform for the Cloud AI Era	**NVIDIA NETWORKING** The Blueprint to a Robust, Secure Infrastructure	**nVIDIA** Powering AI with GPU Acceleration
NYRIAD Enable performance & TCO with UltraIO	**opentext** Bringing it All Together with OpenText OpsBridge	**quantexa** The Right Data, The Right Decisions	**Red Hat** Make Real-Time AI-Driven Edge Processing a Reality	**rescale** High Performance Computing Built for the Cloud	**run:ai** Optimizes Your AI Infrastructure, Enabling Full Utilization of GPU Resources	**snowflake** Leverage the Data Cloud to Power IT Modernization & Drive Efficiency	**TENSOR NETWORKS** Open Software & Hardware Platforms for Decision-Making on the Edge	**TITAN TECHNOLOGIES** Shaping the Future Through Innovative & Transformative Solutions
UiPath Automate Workflows with Robotic Process Automation	**VAST** Universal Storage for All Your Data	**VERITAS** Harnessing the Power of AI/ML while Protecting Data	**VERITONE** Making the AI Revolution Work for You	**vmware** Run Next Gen Workloads On-prem or in the Cloud	**Weights & Biases** An Entire Mlops Toolbox in 5 Lines of Code			

Cybersecurity

BlackBerry Intelligent Security Everywhere	**CROWDSTRIKE** Automatically Prevent Threats in Real-Time	**elastic** Power Insights & Outcomes with the Elasticsearch Platform & AI	**opentext** Bringing it All Together with OpenText ArcSight	**snowflake** Leverage the Data Cloud to Power IT Modernization & Drive Efficiency	**SOPHOS** Unified Management Console, Information Sharing & Incident Response	**splunk** Accelerate Time to Value with Data Science & Machine Learning Capabilities	**Trellix** Advanced XDR Cyber Threat Intelligence	**VECTRA** Threat Detection & Rapid Response Platform
VERITAS Harnessing the Power of AI/ML while Protecting Data	**VERITONE** Making the AI Revolution Work for You							

MultiCloud Solutions

Leading Vendors

Vendor	Description
aws	Scalable, Secure Cloud Computing
Dell Technologies	Storage Capacity On-Demand
Google Cloud	Multi-Cloud Infrastructures Security
IBM	Open, Resilient, Hybrid Cloud
Microsoft	Commercial Cloud
Nutanix	One Platform to Run Apps & Manage Anywhere
Oracle	The Next-Generation Cloud for Every Workload
Red Hat	Red Hat OpenShift
salesforce	Enterprise Cloud Application Platform
vmware	VCPP – Vmware Cloud Provider Program

Cloud Enabling Technologies

Vendor	Description
Acquia	Managed Cloud Service Tuned for Drupal
Akamai	Content Delivery Platform
Alfresco (A Hyland company)	Enterprise Class Content Management
aws	Scalable Secure Cloud Computing
anchore	Enforce Software Container Compliance
anjuna	Cloud Enabling Technologies Solution
aviatrix	Secure Cloud Networking
CloudBees	Secure DevOps Solutions for Government Agencies
CloudBolt software	Hybrid Cloud Management
CloudCheckr	Enterprise Cloud Management for the Public Cloud
Commvault	Secure, Reliable Data Protection for Cloud Apps
Confluent	The Ultimate Cloud-Native Experience
databricks	Cloud Based Big Data Processing Powered by Apache Spark
Dell Technologies	Storage Capacity On-Demand
DocuSign	Digital Transaction Management
Domino	Unleash Data Science Across the Hybrid Cloud
EDB Power to Postgres	Fully Managed PostgreSQL in the Cloud
GitLab	Trusted by Government, Loved by Developers
GroundWork	IT Monitoring + Network Management
HashiCorp	Provision, Secure, Connect & Run any Application
Kion	MultiCloud Governance & Management
LaunchDarkly	Reduce the Risk & Cost of Moving to the Cloud
Microsoft	Azure – Commercial Cloud
MongoDB	Speed Innovation with Cloud Document Database Services
NetApp	Cloud Insights
Nutanix	Secure Private Cloud Storage
Oracle	A New Generation of Cloud Technology
Red Hat	Red Hat Certified Cloud Provider
sonatype	Develop Smarter, Not Harder
SwiftStack	Empowering Multi-Cloud Storage for the Enterprise
Symantec (A Division of Broadcom)	Symantec Enterprise Service Provider (ExSP)
teradici	Securely Deliver Workspaces from the Cloud
tomorrow.io	Cloud-Native Numerical Weather Prediction
twilio	Build, Develop & Collaborate
vmware	VMware Service Provider Program (VSPP)

Infrastructure-as-a-Service

Vendor	Description
Akamai	Content Delivery Platform
ai applied insight	Master the Art of Infrastructure Optimization
aws	Scalable, Secure Cloud Computing
CIS Center for Internet Security	Hardened Images® Preconfigured to CIS Benchmarks
Microsoft	Improve Productivity, Protect Data & Networks, & Reduce Cost
Oracle	Oracle Infrastructure as a Service
QTS	Compliant Managed Hosting Services
Red Hat	Red Hat OpenShift
SILICONSKY	VMware Cloud On Silicon Sky
virtustream	Federal-Grade Cloud Service Provider
vmware	Run VMware Workloads on any Major Cloud with VMware Partners
Managed Services

Vendor	Description
aws	Scalable, Secure Cloud Computing
Oracle	Experience the Power of an Entire IT Department
Red Hat	Red Hat OpenShift
Secureworks (A Dell Technologies Company)	Intelligence-Driven Security Solutions from the Very Beginning
Trustwave Government Solutions	Continuous Database Monitoring

MultiCloud Solutions

Platform -as-a- Service	**Acquia** Managed Cloud Service Tuned for Drupal	**Adobe** Connect & Experience Manager	**aws** Scalable, Secure Cloud Computing	**C3.ai** Open & Unified Platform for IoT	**CloudBolt** Hybrid Cloud Management Platform: One View - Many Clouds	**digital.ai** Web-Based Software Development Platform	**f5** Secure, Deliver & Optimize Every App & API	**Google Cloud** Security, Mobility, & Collaboration	**Microsoft** Compliant Managed Hosting Services	**ORACLE** Oracle Platform as a Service
	ORION Connect Your Workforce & Operations on a Secure Platform	**OSIsoft** Providing a Digital Workforce through Artificial Intelligence	**rackspace technology** Trusted Partner for Managing Mission-Critical Government Workloads	**Red Hat** Red Hat OpenShift	**salesforce** Enterprise Cloud Application Platform	**Secureworks** Managed Security Services	**splunk>** Security Information & Event Management Platform (SIEM)	**Terra PIXEL** Cloud Based Imagery Streaming Service	**twilio** Build, Develop & Collaborate	**VERITAS** Continuous Data Protection from Edge to Core
Software-as-a- Service	**Accela** Civic Engagement Platform	**Acquia** Managed Cloud Service Tuned for Drupal	**Adobe** Connect & Experience Manager	**aws** Scalable Secure Cloud Computing	**Anaplan** Enhance Planning & Decision Making for Every Area of your Agency	**APPTIO** Technology Business Management (TBM) Applications	**aqua** Full Visibility & Security Controls	**axway** Enterprise-Grade File Sync & Share Solution	**Backblaze** Cloud Storage that Fits Your Budget	**BlackBerry** Networked Crisis Communications Platform
	box Share, Sync & Access Files Any Time, from Any Device	**brightcove** Video On-Demand Service	**Commvault** Born in the Cloud, Built on Experience	**DARKOWL** Search the Dark Net Signing Service	**databricks** One Cloud Platform for Massive-Scale Data Engineering	**DATALOGZ** Analyze Metadata for Reporting Via Cloud BI Tools	**denodo** Data Virtualization - Alternative to Legacy ETL Tools Signing Service	**DocuSign** Enterprise Signing Service	**druva** Data Protection & Preservation Provider	**elastic** Search Powered SaaS Offerings
	exterro Legal Governance, Risk & Compliance Software	**GENESYS** Cloud-Based IVR & Contract Center Solutions	**Google Cloud** Security, Mobility & Collaboration	**GRANICUS** Proprietary Network & Secure, Cloud-Based Platform	**greymatter.io** An Environment of Uncommon Freedom	**Hootsuite** Social Relationship Platform	**jive** Communication & Collaboration Solutions	**Kiteworks** Secure File Sharing & Collaboration	**LaunchDarkly** MultiCloud Feature Management	**LinkedIn Learning** Talent Recruitment & Marketing
	Lookout Enterprise-Grade Mobile Security Solution	**Microsoft** Azure – Commercial Cloud	**MongoDB.** Operational Database for High-Scale Applications	**NetApp** BlueXP	**neustar** DDoS Protection, DNS Services, IP Intelligence, & Website Performance	**new relic.** Cloud Migration Service	**okta** Managed Identity & Access to Applications	**opentext** Application Security Testing	**ORACLE** Oracle Cloud Applications in SaaS	**ORION** Secure Collaboration Software for Military & Government Agencies
	outsystems Easily Build Great Mobile & Web Apps with a Low Code Platform	**proofpoint.** Cloud-Based Cybersecurity Solutions	**qualtrics XM** Data & Insight Platform	**Qualys.** Cloud Security, Compliance & Related Service	**Red Hat** Red Hat Certified Cloud Provider	**salesforce** Enterprise Cloud Application Platform	**NS2** SaaS for Federal Government	**SAVIYNT** Securing the Enterprise with Identity & Cloud Governance	**servicenow.** The World Works with ServiceNow	**slack** The Digital Collaboration Tool
	smartsheet Plan & Execute Business Decisions Faster	**software AG** Enterprise Integration & Architecture As-a-Service	**ThreatConnect.** Threat Intel, Analytics, & Orchestration for Security Ops	**Trellix** A Living, Learning XDR Ecosystem	**tyler technologies** Put Data at the Center of Government Initiatives	**virtru** Encryption & Data Security Solution	**vmware** Enterprise Mobility Management	**Voyager Labs** Holistic View of Interactions between Individuals & Groups	**WIZ for Gov** Secure Everything You Build & Run in the Cloud	**wasabi** hot cloud storage Fast, Affordable Cloud Storage & Secure Data Protection
	zscaler Secure & Remote Internet Gateway									

5G Solutions

aws Run, Enable & Deliver with AWS 5G	**✳Arelion** Connecting a Brighter Future	**CID SOLUTIONS** CONFIGURATION, INTEGRATION & DEPLOYMENT Delivering Complex Technology Solutions with Flexibility & Speed	**ciena** Experience. Outcomes. Powering Connection Around the World	**COMMSCOPE RUCKUS** Purpose-Driven Enterprise Networks	**cradlepoint** PART OF ERICSSON The Freedom to Securely Connect Your Enterprise Anywhere
CTS CTS Provides ONE Solution: The One that's Right for your Business	**DELL Technologies** Providing End-to-End, Fully Software Defined 5G	**Druid** Raemis™ 5G Wireless Network Platform	**f5** Delivering Modern Apps Seamlessly & Securely Over 5G	**fw** connecting you to the future Connecting You to the Future	**Gigamon** Deep Observability: From Core to the Cloud, See It
GUARDSTACK TECHNOLOGIES TacticalCORE, Digital Superiority in the Battlespace	**HEAVY.AI** Accelerated Cell Site Planning	**iBwave** Transforming the Way the World Connects	**Infinera** Transport Innovations for Demanding Networks	**infovista** Know your Network	**intel** Converging Technologies, Unleashing Innovation
JMA WIRELESS Different by Design	**kajeet.** Elevate Your Network with Private Wireless	**Microsoft** Deploy Private 5G Networks to the Enterprise Edge	**NOKIA** Powerful Networks, Simplified Operations, Amazing Experiences	**OCEUS** Reliable, Secure, & Continuous Communications	**ONELAYER** Enterprise Grade Security Dedicated to Private LTE/5G Networks
ORION Collaboration Software for Military & Government Agencies	**paloalto NETWORKS** Introducing Industry's First 5G-Native Security	**Red Hat** 5G Core Adoption the Open Way	**SAP** The Best Run SAP	**SUPERMICRO** Accelerating Innovation at the Intelligent Edge	**syniverse.** Complete End-to-End Suite of 5G Roaming Service
vmware Transform Your Network with a 5G-Ready Telco Cloud					

CMMC

ARCHER	**archTIS**	**ARMIS.**	**BeyondTrust**	**blancco**	**DATALOCKER** SIMPLY SECURE
