

● Sustainability Assessments & Reporting

Get in-depth knowledge about your supply chain's sustainability and human rights impacts, and get compliant with Scope 3 Emissions Reporting.

Pricing starts at \$9000/100 assessments.

Dig deep into your supply chain ESG.

Digging deep into your supply chain to verify sustainability is an arduous task filled with question-asking and data-sorting.

SupplierGateway and SupplyShift® take the guesswork out of sustainability reporting and help you uncover how responsible and sustainable your supply chain truly is.

Deploy Your Assessments

Choose which assessments you want suppliers to take, and get data back in as little as three weeks.

Identify Areas of Improvement

See the overall sustainability of your supply chain, and get individualized reports per supplier.

Collaborate for Success

Work with your suppliers to create change in your supply chain. Increase transparency and drive improvement over time.

SupplierGateway has been supporting the world's leading supplier diversity and local economy initiatives since 1997. With over 5.5 million suppliers in our database, 2500+ supplier portals launched, and over \$ 437 billion in client spend analyzed, we understand how important accurate data is to your program.

Sustainability Assessments and Reporting

Four Assessments

Our assessments cover Supplier ESG, Greenhouse Gas Leadership and reporting, Supplier DEI, and Human Rights Compliance.

Individualized Reports

See how well your suppliers are doing with reports that break down each assessment.

Overview Dashboard

Understand how your supply chain overall measures up, and easily spot areas for improvement

Get Deeper Insights

IF your organization needs deeper insights and metrics into specific sustainability topics, a SupplyShift portal can be deployed for an additional cost.
